DARBA VIDE:

The screenshot displays the IdmNEXT (Premium) with IDL Controller software interface. The main workspace is a blue background featuring a classroom layout diagram on the left and a student's desktop environment on the right.

Classroom Layout: A diagram shows 14 numbered desks arranged in two columns. The left column is numbered 1 to 6 from bottom to top, and the right column is numbered 9 to 14 from top to bottom. A yellow line connects desk 9 to a detailed view of a student's workstation.

Student's Desktop Environment: The desktop is titled "Tecnilab Group" and contains a grid of application icons. The taskbar at the bottom shows the user "aleksandra" in "STUD-11" mode, with the system clock displaying "1:59 PM".

Taskbar and Menu: The top menu bar includes "Class", "Teacher", "Commands", "Snapshots", "Sessions", and "Help". The taskbar at the bottom includes standard Windows icons and the system tray.

Textual stimulus

Read the text and answer the questions.

- 1 What do killer whales look like?
- 2 Where do they live?
- 3 What is the social structure of their community?
- 4 How do they hunt?
- 5 How big are Canadian bears?
- 6 What do they feed on?
- 7 What are their social relationships?
- 8 Where do Canada geese spend the winter?
- 9 What are their social relationships?
- 10 What is the result of the protective policy towards the geese?

ANIMALS UNIQUE TO CANADA

KILLER WHALES

These mammals are absolutely beautiful. They have a very distinctive black-and-white colouration. Over 600 killer whales live along British Columbia's coastline. They make up some of the most complex communities we have seen in mammals. They always travel in groups

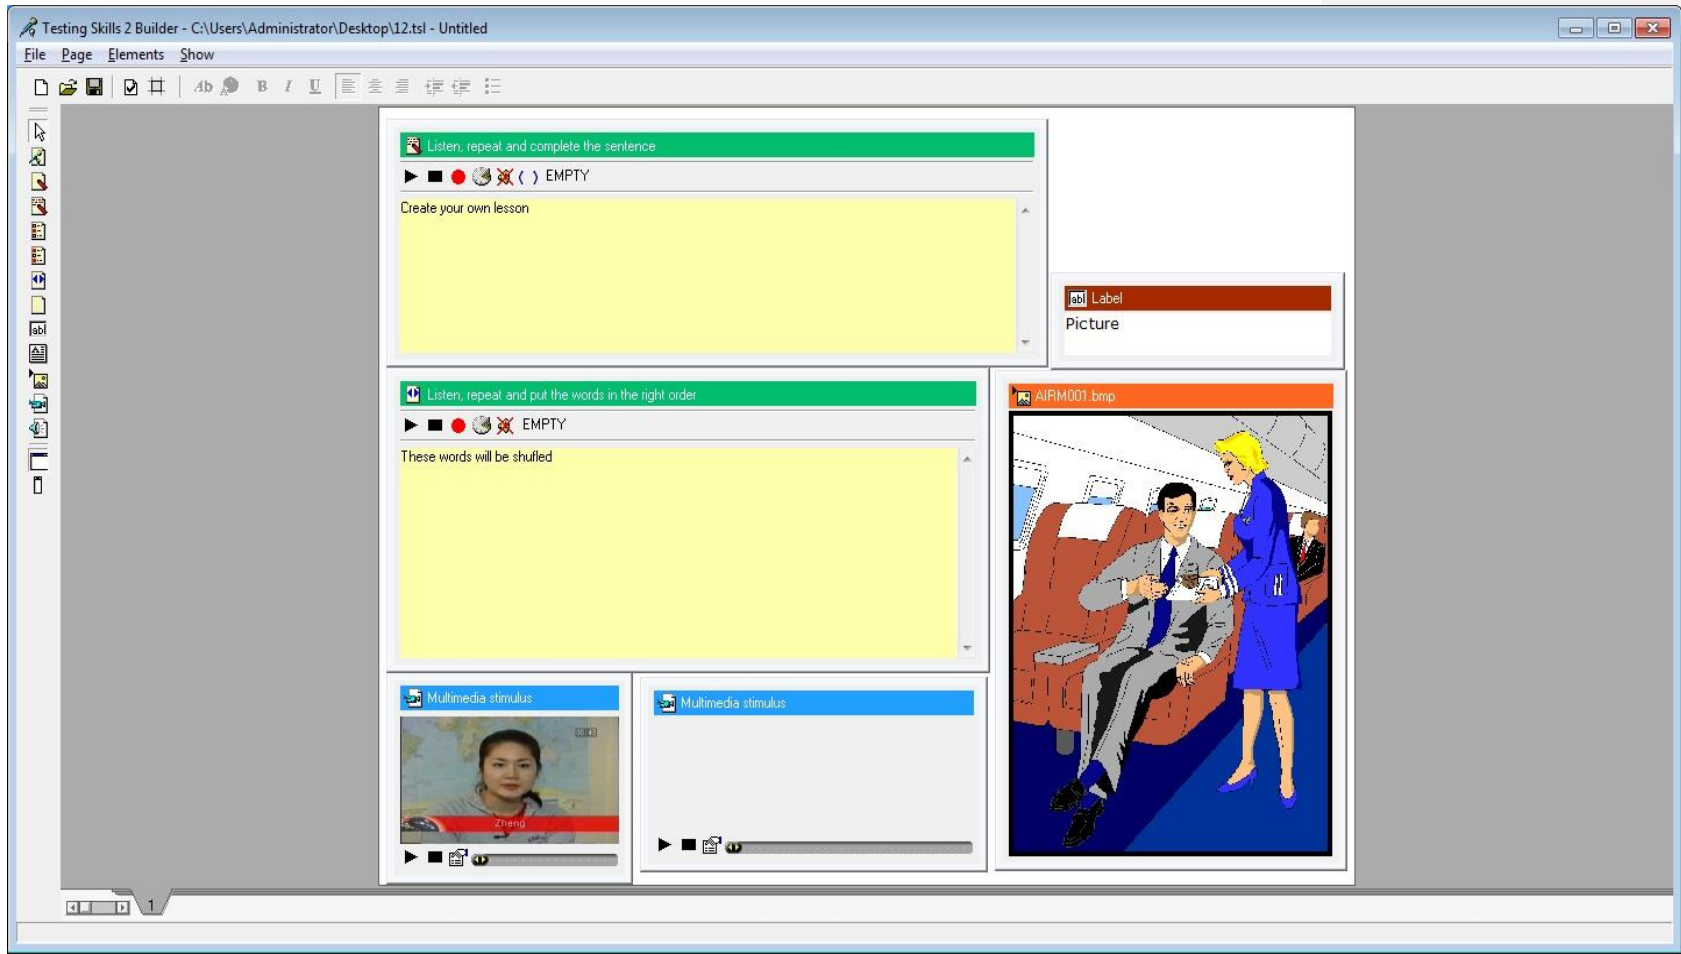

ANSWER

▶ ■ ● ○ ✖ EMPTY

1. They are absolutely beautiful. They have a very distinctive black-and-white colouration.
2. Killer whales live along British Columbia's coastline.
3. They always travel in groups of 5-30 called pods. The whales live and travel with their mothers ... forming strongly matriarchal whale societies.
4. Killer whales are very successful hunters due to their cooperative hunting, where all animals within the pod participate.
5. Adult male black bears range from about 130 to 190 centimetres in length and 60 to 300 kilograms in weight.
6. The bears are generally vegetarian. Their diet consists of roots, berries, nuts, fish, insects and sometimes other animals.
7. Cubs remain with their mothers for a year and a half. Except for females with cubs, black bears spend most of their time alone.
8. They fly south for the winter in search of warmer climates.
9. Canada geese have very strong family relations. Families stay together until the time comes to return to the breeding areas.
10. The policy has resulted in an overpopulation of the birds.

BEFORE READING ABOUT AMERICAN LITERATURE, DO THE TRUE/FALSE ACTIVITY THAT IS GIVEN BELOW:

American literature

1. Fenimore Cooper wrote about the black slaves who ran from their owners.
2. The main hero in Fenimore Cooper's famous «Leather-Stocking Tales» was a noble Indian chief.
3. Edgar Allan Poe is considered to be the father of the American detective story.
4. Harriet Beecher-Stowe was a woman who helped to bring on the American Civil War.
5. Mark Twain never wrote under a pen name.
6. O'Henry is one of the most published writers in America nowadays.
7. Jack London's collection of short stories «Kings and Cabbages» was published in 1904.
8. One of the themes of several of Theodore Dreiser's novels was the unhappy fates of women in bourgeois society.
9. The main heroes of Ernest Hemingway's short stories and novels are honest and courageous people.
